## Support Local Business

Locally owned business is the basis of local economy. For every \$100 dollars that is spent locally, \$68 of that returns to the community. Shop Local by spending \$50 in three local businesses over the course of a month. This week, we'll be visiting:

**Welcome Home & Garden, Georgie's English Kitchen and Campbell's Coffee**

### Welcome Home & Garden

Welcome Home & Garden is a home decor and gift store located on beautiful Lee Lane. Offering art, furniture, rugs and gift items, Welcome Home helps to make your house feel like a home.

214 Lee Lane - (985) 893-3933

### Georgie's English Kitchen & Garden

Georgie's offers authentic English scones, shortbread, and fresh lemon curd. Many of the recipes Georgie uses were taught to her by her grandmother, who baked in the traditional methods handed down generation to generation. Check your local grocer, stop in at the kitchen, or meet Georgie at the Saturday Farmer's Market!

803 W. 22nd Ave. - (985) 264-5044

### Campbell's Coffee & Tea

Campbell's was founded to bring the complex, highly nuanced flavors of fresh-roasted coffee to the people. Beans are selected from the finest high-altitude Arabica coffees from Latin America and blended and roasted right here in Covington. Fresh roasting each day makes Campbell's the only micro-roaster in this region.

### Gardening Tips: Planning Your Garden

When planning your garden, placement of certain plants should be taken into account. Permanent locations must be picked out for plants with a longer life-span, such as asparagus, horseradish or ginger. Herbs are best potted or contained, as they tend to spread. Keep in mind a plants' sun requirements when picking out a spot; some can grow in partial shade while others, like garlic or onion, require full sun. Also consider your plants predicted height into your plans, to prevent one crop from shading another.

### Farmer's Market Recipes

Fresh recipes inspired by ingredients found at the Covington Farmer's Market, by Chef Sorelli

#### Good Ole Market Stew

1 Pork or Beef Roast (Justin Pitts)

1 Jar of Salsa

1 bunch or container of turnips (Father and Son Farms)

1 container of Brussel Sprouts

Heat the oven to 325 degrees. A mag lite or cast iron pot is best for this dish because it starts on the stovetop and then goes into the oven for some slow cooking. Cut all the veggies and dice the meat. Once the pot is hot, salt and pepper the meat, oil the pot and begin to sear the meat evenly on all sides until golden brown. Add the salsa and stir until it is evenly covering the meat. Add the turnips and salt and pepper to taste. Allow them to cook, then add the brussel sprouts and two containers of water using the salsa container. Bring to a low simmer, then cover the pot and allow to cook in the oven for 1 hour and 45 minutes.

## Local Wildlife: Blue Jay

The Blue Jay

One of the most popular North American birds, the Blue Jay's habitat spans over all of eastern US and partially into Canada. They can be found primarily in oak and pine forests, and they may also be spotted in city parks and suburban yards, especially where oak trees predominate. They bury seeds and acorns, and since many of them are never retrieved they are essentially tree planters. It viciously attacks predators, and lets out a raucous scream to warn of nearby hawks or owls. Although seen all year, Blue Jays are migratory and travel in large loose flocks of between 5 and 50 in both spring and fall. Birds from the north replace southern birds in the winter.

The Blue Jays most characteristic feature is its being blue, with a white underside, white and black stripes on its wings and tail. It has a black stripe around its neck and a small crest, the elongated feathers standing out on the nape of its head.
